JUDGE SIDNEY R. BREESE ELECTED CHIEF JUSTICE OF THE ILLINOIS SUPREME COURT.

OPINION OF JUDGE HUNT IN THE CASE OF SUSAN B. ANTHONY.

ETC. ETC. ETC.

BREESE MADE CHIEF JUSTICE.

CHICAGO, June 18.—The judges of the supreme court of Illinois to-day elected Judge Sidney R. Breece chief justice. Judge Breece is the oldest member of the court, having held his seat over a quarter of a century.

SUSAN B. ANTHONY'S TRIAL.

ROCHESTER, June 18.—Judge Hunt in his opinion of the case of Susan B. Anthony, says the right of voting or privilege of voting is the right or privilege arising under the constitution of the state, and not of the United States. If the right belongs to any particular person, it is because such person is entitled to it as a citizen of the state when he offers to exercise it, and not because of citizenship of the United States. If the state of New York should provide that no person should vote till he had reached the age of thirty-one years, or after he had reached fifty, or that no person having gray hair, or who had not the possession of all his limbs, should be entitled to vote, I do not see how it could be held to be a violation of any right derived or held under the constitution of the United States. If the legislature of the state of New York should require higher qualification in voters for a representative in congress than is required of a voter for a member of the assembly, this would, I conceive, be a violation of the right belonging to one as a citizen of the United States. That right is in relation to a federal subject of interest, and can be guaranteed by the federal constitution. The inability of a state to abridge the right of voting on account of race, color or previous condition of servitude is a federal guaranty. Its violation would be a denial of a federal right that is a right belonging to claimant as a citizen of the United States; this right herein exists by virtue of the Fifteenth amendment; if the Fifteenth amendment had contained the word sex, the argument of the defense would have been patent. She would have said an attempt by the state to deny the right to vote because one is of a particular sex, is expressly prohibited by the amendment.

than ever before, and that in the three and a half years that the association had existed, about \$75,000 had been paid to the heirs of deceased brethren. He urged the members to make personal efforts to increase the membership of the association, and recommended the formation of local organizations on different railroads, similar and auxiliary to the parent association, with a view to keeping up the interest and promoting the welfare of the association. He recommended an increase of the limit of the amount of insurance from \$5,000 as now, to \$5,000. Reports of secretary and finance committee were read and showed a flourishing condition of the association.
